

Take Control With Ease.

MedBank Automated Dispensing Solutions

Improved patient care through medication & supply availability

Prompt, secure access to controlled substances and medications needed for post-acute care patients just got a whole lot easier with Phoebe Pharmacy and MedBank. MedBank automated dispensing solutions improve access to medications, increase safety and security, and eliminate the inefficiencies of managing emergency tackle boxes and kits.

Solution Highlights:

- High security, unit dose dispensing
- Fully integrated with electronic medical records
- Cloud-based platform
- CUBIE closed-loop exchange
- Medication and supply management
- Automated ordering with Phoebe Pharmacy
- Color touchscreen & Bio ID rapid access
- Real-time reporting
